About PEEK

Our Story:

Possibilities for Each and Every Kid was established in October 2000 as the Gallowgate and Calton Childrens Project in response to the poverty, deprivation and lack of opportunities for youngsters in the area. PEEK was first supported by a team of volunteers and one paid staff member made up of local parents and carers who delivered a range of play activities for children aged 5-12 years. Since then, we have grown substantially to 25 team members and operate in the hearts of communities across Glasgow with our four programmes – Play, Create, Thrive and Wellbeing.

Vision:

Children, young people and families are free from a life of poverty.

Mission

We will work with children and young people and families to improve life chances.

Values

Our core values guide our organisation:

Compassion – We care about people and their quality of life.

We respond with humanity and kindness to each person's needs and wants.

Dignity – We value everyone.

We value every person – whether children and young people, their families or carers, our team and volunteers – as individuals. We respect their aspirations and commitments in life and seek to understand their priorities and needs.

Integrity – We are honest, fair and accountable.

We take personal and collective responsibility for our actions and how we use resources.

Respect – We value the importance of equality, diversity and inclusivity.

We ensure all are treated with dignity and respect regardless of their gender identity, age, culture, religion, race/ethnicity, sexual orientation, or disability and we are inclusive in our work.

Excellence – We are TRAILBLAZERS.

We deliver a high-quality service to meet the expectations of our children, young people and families as well as our own personal and organisational aims.
